## Environmental Protection Agency Internet Information

## EPA Region 2

While Freedom of Infermation Act (FOIA) requests will be honored by directly writing to Region 2, EPA provides an increasing amount of environmental media information, and other Regional activities via Internet at <a href="http://www.epa.gov">http://www.epa.gov</a>.

Region 2 has provided a FOIA Web site <a href="http://www.epa.gov/region02/foia/">http://www.epa.gov/region02/foia/</a> with several online databases from which the environmental information can be retrieved.

• "Frequently FOIAed Files" Web site <a href="http://www.epa.gov/region02/foia/fff.htm">http://www.epa.gov/region02/foia/fff.htm</a> covers RCRA and many other media Programs. Through this Web site, you can learn about each media Program, associated databases, and special points of interest. In particular, the ability to "directly download" all of the most commonly requested Region 2 Export Files (.xls) and Reports (.pdf) - all compressed for quicker downloading.

EPA Region 2 has established a **list of contaminated facilities** that are a high priority for cleanup in New York, New Jersey, Puerto Rico and the U.S. Virgin Islands. You can view each facility fact sheet at <a href="http://www.epa.gov/region02/cleanup/sites/">http://www.epa.gov/region02/cleanup/sites/</a>
